2023 American Amusement Machine Charitable Foundation Lifetime Achievement Award Charity Ad Journal

This congratulatory ad journal is a celebration of the hard work and dedication of Allen Weisberg. It is also a true testament to the charitable and giving nature of our industry.

Allen has an unwavering philanthropic nature that is undeniable. He inspires those around him to get involved and give back. His years of service on the AAMA and AAMCF Boards further solidify his dedication to the industry and the communities around him.

Thank you all for supporting this fundraising program with your generous donations, and thank you to those who made this ad journal possible.

ALLEN'S STORY

Allen Weisberg, the Chief Executive Officer of Apple Industries Inc., is an esteemed figure in the amusement industry and a visionary leader in the world of photo booth manufacturing. With a remarkable career spanning decades, Allen has played a pivotal role in shaping the industry and positioning Apple as a global leader in design and technology.

Born into a family deeply rooted in the vending industry, Allen's journey began at a young age under the guidance of his father, Abraham Weisberg. Growing up surrounded by jukeboxes and amusement games, Allen developed a passion for the industry and honed his skills alongside his father, who was renowned as one of the industry's top technicians. It was through these early experiences and his encounters with industry figures like Albert Simon, the owner of “Auto Photo”, the first chemical photo booth manufacturer in the world, that Allen's entrepreneurial spirit was ignited.

Following his father's footsteps, Allen started his own route called "Apple Amusements" after completing his college education. Inspired by his conversations during his youth with Albert Simon, Allen set his sights on manufacturing photo booths, ultimately leading to the establishment of Apple Industries. Under Allen's leadership, Apple Industries has grown to become the world's largest international photo booth manufacturer of Faceplace photo booths, with offices in the United States and Europe and distributors throughout the world.

As the CEO of Apple Industries, Allen is responsible for developing high-quality business strategies and plans that align with the company's short- and long-term goals. He oversees all operations and activities, ensuring they are consistent with the overall strategy and mission of Apple Industries and its affiliated companies. Through his visionary approach and dedication to excellence, Allen has secured partnerships with renowned brands such as Disney, MARVEL, Regal Cinemas, MLB, NHL, NASCAR, SeaWorld, Warner Bros., and numerous other esteemed organizations.

In addition to his professional endeavors, Allen actively participates in industry associations, serving on the American Amusement Machine Association (AAMA) Board of Directors for over a decade. He has held the position of Vice President of the AAMA Charitable Foundation and presently serves on the Board of Directors, where he has been instrumental in raising over $2,000,000 for children's foundations dedicated to scientific, educational, and charitable purposes.

In his spare time, Allen remains committed to giving back to the community, working closely with the Sunrise Day Camp in Long Island. His dedication to innovation, philanthropy, and the continued growth of the amusement industry has earned him the utmost respect and admiration from his peers and colleagues.

With the forthcoming AAMA Lifetime Achievement Award, Allen Weisberg's exceptional leadership, entrepreneurial spirit, and unwavering commitment to advancing the photo booth industry will be celebrated and recognized on a grand scale. His vision and relentless pursuit of excellence have solidified his place as a true industry luminary.

A Message from AAMA President Jeff Blair

The AAMA lifetime achievement award has tremendous meaning and purpose. First, it recognizes an individual for their contributions to our industry. Second, it allows us to raise much needed money to help children and their families in need. It's an honor bestowed only on those individuals who display a commitment to excellence for our industry and in all that they do. This year we honor Mr. Allen Weisberg as the winner of this prestigious award.

Allen's contributions to our industry are well documented. Indeed, Allen and his team at Apple Industries have been capturing the faces of young and old alike for many years with their enormous photo booth product line. Having the vision to capture the emotion in people, and printing that to a permanent memory in a photograph, is Allen's way of making the most out of every moment.

Let's remember why this award has such deep meaning to the person we recognize; it allows us to raise a lot of money and use it to support our charitable partners through AAMCF. Allen's dedication to this process has been tremendous. For countless years he has beat this drum in a loving and passionate fashion to help children in need. I have worked along side him on this mission, and he has inspired me to truly want to make a difference for our charities. My heartfelt thanks go out to Allen for all that he continues to do for us, and me.

We thank all of you that have also recognized Allen's contributions and took time to donate money in his name. We promise that it will be used to help those in need, who otherwise would not get the help that they so desperately need. Congratulations Mr. Weisberg. AAMA is proud and honored to be represented by you.

A Message from AAMCF President Holly Hampton

Having worked with Allen on the charitable board over the past decade +, it has been such a gift to raise money for the amazing charities we support in his honor. Allen is one of our most passionate board members we have and holds a genuine desire to make an impact. In fact, it was Allen who recently called an emergency board meeting to have us rally around supporting a Maui relief fund. The guy cares to his core.

As a board, we are better because of Allen and I'm just so excited we get to share this awesome ad journal with you all.

Besides his incredible impact on the charitable side of the association, Allen also serves as a leader on our association board and in our industry as a whole. Apple Industries has led the photo booth revolution under Allen's leadership. His vision was well beyond photo strips, he innovated the photo booth to become a social, interactive experience. Doing this has made a huge impact on our industry!

The generosity this industry exhibits is astonishing, year over year. Thank you all of you who donated and continue to entrust the AAMCF with ensuring your dollars have the greatest impact to organizations in need. We continue to work hard at building and strengthening our relationships with our three pillar charities; Ann & Robert H. Lurie Children's Hospital of Chicago, Kids Enjoy Exercise Now (KEEN), and the Sunrise Association.

Again, congrats to my friend Allen! You deserve this beautiful tribute!

A Message from AAMA EVP Pete Gustafson

There are people in this world who do good just because it's the right thing to do. They don't look for fanfare, don't ask for acknowledgment, they just do good because there's a need for it.

The 2023 AAMA Lifetime Achievement Award Honoree, Allen Weisberg is one of them.

He's an indefatigable person with a passion for living life fully - doing so with vitality, enthusiasm, and generosity.

Spend time with Allen and I promise you, you'll leave feeling better for having done so; he's one of "those guys" whose very presence lifts the energy of everyone around him.

His contributions to the AAMA and AAMCF have helped grow both organizations in ways big and small. There are several initiatives within each he was instrumental in introducing and bringing to fruition. Perhaps most notably introducing us to Sunrise Association – an organization that has deservedly become one of the AAMCF's principal charity partners.

Allen epitomizes the character, leadership, compassion, and disrupter mindset that defines what an AAMA Lifetime Achievement Honoree is. He has a positive and infectious personality that makes everyone around him show up better than they otherwise would.

Congratulations, my friend for being named the 2024 Lifetime Achievement Award Honoree, I know for a fact you weren't looking to be so honored, rather, you did it the old-fashioned way... you earned it.

A Message from AAMCF Executive Director, Tina Schwartz

The Lifetime Achievement Award presented by AAMA each year honors an individual who has made contributions to the industry, served as a leader and mentor, and given selflessly to others for the betterment of the industry, and their community.

Allen Weisberg embodies all of these traits. I consider myself extremely blessed to have the opportunity to work with this amazing man on both AAMA and AAMCF initiatives. His heart, generosity, and genuine giving spirit have a positive impact on all he encounters.

Allen's leadership and drive are unmatched and have been an instrumental part of significantly growing our charitable fundraising over recent years. Our success depends on the dedication of volunteers like Allen who go above and beyond, and truly understand the importance of giving back to those who help build this industry we love. Thank you, Allen, for being such a wonderful mentor and friend. You make a difference for so many, and I love that we can honor you for all you do.

Allen Weisberg

Allen -
It is with honor and heartfelt appreciation that I extend my congratulations to you on receiving the prestigious Lifetime Achievement Award from the American Amusement Machine Association. Your remarkable dedication, unwavering commitment, and selfless contributions as a volunteer have left a mark on the association, our foundation, our charity partners, and all of the families and children they support across this country and the world.

It has been a pleasure to work along with you over this journey. I am honored to have been a part of the work we have done together for the Foundation. Partnerships are formed that really prove that one plus one, can truly equal three or four. Thank you for being a great partner and a friend. I will miss our work together.

Throughout the years, your creativity and positive motivation has exemplified spirit of philanthropy and service. Your generosity of time, expertise, and resources has demonstrated leadership for our industry and partners. Your willingness to go above and beyond, often working behind the scenes with humility, has inspired all of us who have had the privilege to work alongside you.

Your leadership as a volunteer has not only transformed the landscape of our charitable initiatives but has also served as an inspiration for the industry. Your ability to galvanize others, fostering a sense of unity and purpose, has been instrumental in the success of the AAMCF.

Dad,

Throughout my life, I have had the privilege of witnessing your unwavering commitment to create in your inimitable, special way that lifts up those around you. Your vision, creativity, generosity, your inability to accept anything less than extraordinary, and most of all, your ability to connect with people and make them feel the true, full value of their self worth. I have had a lifelong teacher in life and leadership, and for much of that time I couldn't quite comprehend just how lucky I really was. Working together as a team these past few years I am reminded time and time again of how lucky I am, not only for your guidance, but to share the excitement and beauty of creating something together, alongside our incredible Apple family, that is so much greater than the sum of our parts. To be able to work towards the same dream is an incredible gift that is difficult for me to describe in words.

Congratulations, Dad - this Lifetime Achievement Award is a testament to your brilliance and how much you have meant to those around you over so many years. It is supremely deserved. You are a lifelong inspiration to me and so many others.

With love and admiration,

Dear Allen,

Congratulations on receiving the Lifetime Achievement Award! This is a well-deserved honor for your many years of hard work, dedication, and commitment to giving back.

I have been fortunate to have you as a mentor and friend for many years, and I have always been inspired by your passion for making a difference in the world. Your commitment to giving back is evident in the way you run our business, as well as your willingness to support countless charities throughout the years!

You are a true leader and inspiration to me. You have shown me what it means to be passionate about something and to never stop at the wall....break through it! As Steve Jobs said, "The only way to do great work is to love what you do. If you haven't found it yet, keep looking. Don't settle." This quote perfectly sums up your approach to life and work.

Thank you for your inspiration and leadership.

Congrats!

Great leaders are visionaries who embrace the future while honoring the past, and Allen embodies this quality wholeheartedly. He places unwavering trust in his team, valuing their expertise and individual strengths. I recall the time I spent convincing him not to add curtains to a new photo booth design. Initially, he couldn't grasp the idea, but he ultimately trusted my judgment, leading us to create some of our most successful products. Allen's relentless pursuit of innovation keeps our creative team inspired, constantly pushing the boundaries. When it comes to associating a name with the term 'photo booth,' Allen Weisberg is undoubtedly the first that comes to mind. Congratulations on such a remarkable achievement!

- Andrew Bloomfield

Hey Allen, congratulations on the AAMA Lifetime Achievement Award! It has been wonderful working for you. I still tell stories about going to IAAPA, what a crazy cool experience. It was so fun to get some face time with you there and really see our booths in action! You deserve this award a thousand times over. I can't wait to continue capturing peoples' smiles and preserving those happy moments in their lives.

- Zane Smith

Allen, I couldn't imagine a more deserving person of this award than you. To be a part of a company who believes in their products and pushing creative boundaries is truly astonishing. Every day I am in awe that I get to work with such creative and determined leaders like yourself who are the best in the business. It is an honor to work with you and your crew and can't wait to see all that Apple Industries continues to become in the future – I know it will be nothing short of amazing! Cheers to you and all of your success, Allen!

Congratulations Allen Weisberg! I have not known Allen for a very long time, however, in the short time that I have worked with him, I can say without regret that he is someone deserving of such an award. The team he has been able to rally together is incredible! It makes working at Apple Industries feel like home.

- Ardit Dafku

I would like to congratulate Allen Weisberg on receiving the AAMA 2023 Lifetime Achievement Award. His passion, commitment, and contributions to this industry has inspired many over the years and I am so grateful to be a part of this organization. I can't think of anyone more deserving of this award than Allen. Wishing you much success in your future endeavors.

- Paolo D'Onofrio

Congratulations Allen on a well-deserved AAMA Lifetime Achievement Award. I have known you for over 30 years. But I did not know how much work you put into helping people until I started working at Apple Industries. Seeing it day to day it made me appreciate you more than my boss and friend. It is wonderful that the AAMA has finally shown you the appreciation that you so heartily deserve.

- Henry E. Coletti

APPLE INDUSTRIES

It's hard not to be impressed with Allen. At times when things can feel like everything is moving a million miles per hour, his calm, positive demeanor is a breath of fresh air. From the moment he walks into the office, his presence seems to light up the room and his enthusiasm for the work we do is contagious. But it's not just that Allen is always in a good mood that makes him so special. It's that he understands the power of recognition.

When one of us achieves a goal or goes above and beyond, Allen is quick to take notice. He doesn't just pat us on the back and say "good job" either - he really takes the time to celebrate our achievements and make us feel valued. I can't tell you how much this means to us as a team. When you work hard every day and pour your heart into a project, it can be easy to get discouraged or feel like nobody's paying attention. But knowing that Allen is there to support us, cheer us on, and give us the recognition we deserve is incredibly motivating.

- Chelsea Smith

Every team needs its captain to be successful. Your leadership has been invaluable to my growth, both professionally and personally. You make everyone feel comfortable and valued. Jack Welch said, "Before you are a leader, success is all about growing yourself. When you become a leader, success is all about growing others." Thanks for the hard work you put into my growth and development each day. Congratulations to on being nominated for an amazing achievement.

- Ryan Tillack

29+ years ago I began my career in this industry with a small distributing company in ND. One of the prospects assigned to me was Apple Amusements with Allen being the contact. So, I would call on him, and his secretary/accountant took my message and told Allen, "You need to call her back. She is nice". So this is how our relationship started. (By the way, he never purchased a thing from me! And Mary is still with Apple Industries after all these years. LOL) I even bought him a birthday cake and gave it to him at one of our AMOA trade shows in Las Vegas. I can't remember which little birdie told me this, but when it came to me being hired, he still remembered that I did that for him.

I also remember when Allen started to expand the photo booth industry because of his personal needs on his own route. He had a need and no way to fill it. So what did he do? He fulfilled his own needs and started a photo booth manufacturing company and also filled the need our industry desperately needed too. From where he started the company and where he is now is remarkable. As a distributor rep, I need to keep up on what each manufacturer company would exhibit at the different trade shows, but after I became a manufacturer rep, I still kept an eye on what he was showing each year and was always impressed with the innovation he had.

In July 2001, I traveled to New York for a milestone birthday celebration. I had asked him to help me get tickets to the NY Yankees game. Not only did he help me, he actually bought them for me and my family and friends that were with me. It was a memorable day for sure. My nephews told me that we could not come home until we had Derek Jeter's autograph. We arrived 4 hours early, to try to get his attention at their player entrance. No luck there. Thankfully an usher must of felt sorry for me so he let me down to the seats behind their dugout. My heart was racing so fast. I came back and told my friends, "well, at least we can go home now". They were shocked and we all had the most amazing time. He wouldn't take a dime for the tickets as I offered to pay for them more than once. It showed me how giving he was. 6 weeks later 9/11 took place. We had just been there. How could this happen? My first reaction was, is Allen ok? I called him and thankfully I was able to get through and he was ok. It was heartbreaking to see what all the New Yorkers had to endure during this horrific time.

Now fast forward to 2014. I was working for Merit when they had decided to stop manufacturing. A sad day for our industry. I hated to see us give up some of the best real estate in the industry on the street. Between the smoking ban and cell phones, it was a slow and painful death of the countertop business. Then Allen reached out to me and told me he wanted me to come work for him. He had told me the street was the next up and coming opportunity for the photo booths to expand. I had thought, yeah right. The cell phones were the last nail in the coffin for the countertops, and now they all have cameras on their phone. Who is going to pay to do the photo booth when they can just do it on their phones?

Well, as it turns out, this feature has helped the photo booth business immensely. 140+ years photo booths have been around, and with or without me, it will go on for another 140 years. But could it without Allen's vision and re-innovation? He has set the bar quite high and there will be no stopping him. As a 3rd generation company now, it is an honor to work with Allen, Jesse, and the rest of the loyal employees. We see and believe in their vision. And even more rewarding is seeing our customers' success determine our success. It truly is a team effort and one I am proud to be a part of.

- Kris Link

It is with immense pride and admiration that I extend my heartfelt congratulations to Allen Weisberg on receiving the prestigious AAMA Lifetime Achievement Award. Having had the privilege of knowing Allen since my early days as a Junior Graphic Designer at Apple Industries, I can personally attest to his remarkable character and unwavering commitment to excellence. His relentless drive and innovative ideas constantly propel me and the creative team towards groundbreaking inventions that spearhead innovation in the photo booth industry.

Great news Allen, winning the 2023 Lifetime Achievement Award is well deserved. This amazing recognition for everything you have done for our industry over the years is fantastic. Congratulations!

- Paul Jones

Allen, Congratulations on the AAMA Lifetime Achievement Award! After watching your hard work and dedication to your industry, the Apple companies, and your Apple team, I know that you genuinely deserve this award. Your many business accomplishments in the photo booth world speak for themselves, but there is so much more that makes you the perfect recipient of this award. Specifically, despite your busy schedule, you never disregard the importance of human connection and care for others, whether that be taking the time to share story or a quick joke with a team member to lift their spirits, providing guidance and advice to a friend or business partner, or making a visit to support the children at Sunrise Day Camp.

Your passion and innovation are an inspiration, but the impact you have on the lives of those around you truly sets you apart from others in our industry. You have even found a way to touch the lives of people you don't know by manufacturing photo booths, which simply make us all smile. Thank you for leading us all with your example!

- Kelly Foster

Congratulations on this well-deserved Lifetime Award. It's been my pleasure working with you for the past 25 years and so proud of all your achievements.

- Mary Sheehan

Allen, your altruism and energy are truly inspirational. You have a remarkable ability to bring out the best in others and your positivity is contagious. Your commitment to helping others and your willingness to go the extra mile makes you an incredible role model. Congratulations, you are an inspiration and I'm sure your efforts will continue to make a difference in the lives of those who benefit from your charitable work.

- Anita Villalta

Allen, since I started working with you back in 1998, I always admired your drive and determination. I remember the following year, you were telling all of us that worked with you, that you were going to build a Photo Booth and eventually become the biggest and best in the business. Just like you told us, the photo sticker booth evolved and then the actual Photo Booth came to be. Very proud to be working for you and your company and all your achievements.

- Andrew Kamer

Allen, congratulations on a well deserving honor! Your tireless effort for the Charitable Foundation over the years is very commendable. I've thoroughly enjoyed my 9+ years working for you and Apple.
