A Message from AAMCF President Holly Hampton

Welcome to this year's Lifetime Achievement Award Ad Journal—our largest fundraiser and one of the most meaningful traditions of the AAMCF.

Within these pages, you'll find heartfelt tributes celebrating an industry legend, Eugene Jarvis. This journal is a dedication to Eugene, a hope for our charity partners, and it is the result of a dedicated team of volunteers who generously gave their time to honor Eugene while supporting the charitable mission of the AAMCF. Their commitment is a wonderful reminder of what makes this industry so special.

Eugene's imagination and vision have shaped generations of players and helped define the arcade experience for millions around the world. His passion for creating unforgettable games has inspired our industry for decades, making him a truly deserving recipient of this year's Lifetime Achievement Award. It is especially fitting that, in celebrating his remarkable career, we are also raising funds that will make a meaningful difference in the lives of those served by our charitable partners.

Thank you to everyone who supported this year's Ad Journal—whether by purchasing an ad, recognizing someone through our CEO Class, or adding your name to our list of supporters. Every contribution helps advance the mission of the AAMCF and strengthens the impact we can make together.

A heartfelt thank you also goes to our amazing staff and volunteers whose tireless efforts, creativity, and attention to detail make this fundraiser possible year after year.

And finally, Eugene, thank you for allowing us the privilege of celebrating your extraordinary career and your lasting contributions to our industry. We hope this journal serves as a keepsake that you and your family will treasure for years to come.

Enjoy the memories, the stories, and the many tributes from those whose lives and careers you've touched.

With gratitude, Holly Hampton

THANK YOU

ON BEHALF OF LURIE CHILDREN'S HOSPITAL

Your ongoing support makes a profound difference at Lurie Children's Hospital. Thanks to donors like you, children receive the lifesaving care they need to grow, heal, and thrive. Congratulations to Eugene Jarvis on this well-deserved recognition as the 2026 AAMA Lifetime Achievement Honoree.

Ann & Robert H. Lurie
Children's Hospital of Chicago®

A Message from AAMCF Executive Director Tina Schwartz

It is both my privilege and my sincere honor to welcome you to the 2026 AAMA Lifetime Achievement Award Ad Journal as we celebrate one of the true visionaries of our industry—Eugene Jarvis.

For decades, Eugene's creativity, innovation, and fearless imagination have transformed the world of arcade entertainment. As the founder of Raw Thrills and the legendary designer behind some of the most iconic games ever created, his work has inspired generations of players, entrepreneurs, and game developers. His passion for pushing the boundaries of what games can be has not only entertained millions but has helped shape and strengthen the amusement industry we are proud to serve.

On a personal note, it has been a true pleasure to know and work with Eugene through the years. While his accomplishments are extraordinary, it is his humility, kindness, and genuine enthusiasm for our industry that leave an equally lasting impression.

Through your support of this Ad Journal, you are doing more than honoring an extraordinary career—you are helping AAMCF continue its mission of improving the lives of children and families through our charitable partnerships with organizations such as Lurie Children's Hospital, KEEN USA, and the Sunrise Association.

To every advertiser, sponsor, donor, and supporter, thank you for making this celebration possible. Your generosity allows us to recognize a true industry legend while making a meaningful difference in the lives of children and families in need.

Congratulations, Eugene, on this well-deserved recognition, and thank you for the extraordinary impact you have made—and continue to make—on our industry and our community.

With heartfelt appreciation,
Tina Schwartz

"One dedicated person can spark change, inspire inclusion, and transform countless lives."

KIDS ENJOY EXERCISE NOW

Joe, congratulations on your lifetime achievement award. Your work really aligns with the mission and vision of Kids Enjoy Exercise Now, and we're so proud to support your efforts. Thank you for all you do for the disability community!

David K. Spierer
President, Kids Enjoy Exercise Now

Eugene’s Story

Eugene Jarvis is widely recognized as one of the most influential and visionary game designers in the history of the amusement industry. For nearly five decades, his creativity, technical brilliance, and relentless pursuit of innovation have shaped the arcade experience for generations of players around the world. As co-founder and President of Raw Thrills, Eugene continues to lead one of the industry's most successful arcade game development studios while remaining one of its most respected creative forces.

A graduate of the University of California, Berkeley with a degree in Computer Science, Eugene began his career in 1977 as a programmer at Atari before joining Williams Electronics in Chicago. There, he helped bridge the worlds of pinball and video games, contributing to groundbreaking pinball machines before forever changing arcade history with the release of Defender in 1980. Defender became one of the defining games of the Golden Age of Arcades, introducing scrolling worlds, intelligent enemy behavior, and an intensity of gameplay unlike anything players had experienced before. He followed that success with legendary titles including Robotron: 2084, Stargate, NARC, Smash TV, and the immensely successful Cruis'n driving series, each pushing the boundaries of technology and game design while becoming enduring arcade classics.

In 2001, Eugene co-founded Raw Thrills, dedicated to creating world-class arcade entertainment at a time when many believed the arcade business was in decline. Under his leadership, and following the company's merger with Play Mechanix in 2006, Raw Thrills has produced many of the industry's highest-earning modern arcade attractions, including The Fast and the Furious, Big Buck Hunter, Batman, Jurassic Park Arcade, Halo: Fireteam Raven, The Walking Dead, Godzilla Kaiju Wars VR, and countless other hits that continue to drive success for operators around the globe. His commitment to designing games specifically for the arcade experience has helped ensure that location-based entertainment remains vibrant and relevant in the modern era.

Throughout his remarkable career, Eugene has received numerous honors recognizing both his technical achievements and lasting impact on interactive entertainment. He received the prestigious Pioneer Award from the Academy of Interactive Arts & Sciences, was named NY-AMOA Man of the Year, and was inducted into the AAMA Amusement Industry Hall of Fame in recognition of a lifetime dedicated to advancing coin-operated entertainment. His influence extends far beyond the games he has created—his innovations have inspired generations of designers and helped define what the modern arcade experience can be.

Today, Eugene remains as passionate about the industry as ever. Whether developing the next blockbuster arcade attraction or mentoring future innovators, he continues to challenge expectations and remind us why arcades remain places where imagination, technology, and fun come together. Few individuals have left a greater mark on the amusement industry, and his legacy will continue to entertain and inspire generations for years to come.

Congratulations, Eugene!

Today we celebrate not only your remarkable accomplishments but also the passion, imagination, and generosity that have inspired our industry for decades. Your creativity has brought joy to millions of players around the world and helped create memories that span generations.

It has been a privilege for all of us at AAMA to celebrate this special milestone with you. We hope this recognition serves as a reminder of how deeply respected and appreciated you are by your friends and colleagues throughout the amusement industry.

Thank you for everything you have done to make our industry stronger, more innovative, and infinitely more fun.

Wishing you a wonderful evening filled with celebration and the recognition you so richly deserve.

With warmest congratulations,

Your Friends at AAMA
Tina & Melissa

Congratulations Eugene!

2026 AAMA Lifetime Achievement Award

Congratulations on this well-deserved Lifetime Achievement Award!

As one of the pioneers of the video game world, your early works at Williams Electronics, like Defender, served as industry gamechangers. As the years passed, your passion for pushing boundaries and redefining what arcade games can be continues to influence all facets of the industry today.

In serving as the first Game Designer in Residence at Chicago's DePaul University, and your philanthropic contributions to DePaul's College of Computing and Digital Media and Berkeley's Crimes Engineering Center, you've created countless opportunities for future generations to transform the industry just as you did.

We celebrate not only your remarkable achievements, but also the enduring legacy you have created for players and game designers around the world.
